Office Memorandum • UNITED STATES GOVERNMENTTO :  25X1A9a

DATE: 9 February 1960

FROM : Chief, GR/CR

SUBJECT: Unclassified Photographs of Subway Entrances

1. Your request on behalf of Admiral Cope is difficult for us to handle as we have no photographs that could be released except for the official use of the government, but we have checked our holdings for leads to sources that may be helpful.

2. For the Moscow subway the following publications and periodicals may be of interest:

- a. Moscow Metro - 1955
- b. Moscovskiy Metropolitan, Moscow, 1954
- c. Soviet Weekly
- d. Oganez
- e. Soviet Union
- f. Soviet Architecture for 30 Years

3. Although the Tokyo subway was not on your list, it is assumed that is also of interest and might be pictorially documented by the Japan Travel Bureau. The British Information Service, the Pan-American Union, other foreign information services and the commercial photo houses in New York would be likely to have photographic coverage of subway entrances available either free or for a nominal charge.
